

Proposed Main Hangar Exhibit Space

Disclaimer

The images included in the presentation are an early representation. Aircraft depicted are, in some cases, placeholders of similar shape and size used to represent the aircraft that will occupy the space.

Planned Improvements to the Hangar Space

- **Ventilation & Cooling – Complete**
Positive Pressure generated by “Big Ass Fans” for Ventilation and Dust Control.
- **Sealing**
*Completion of the Existing Hangar Walls.
Resealing and Securing the South End Doors.*
- **Security**
*New video surveillance system in the Hangar.
Re-secured Doors and a Physical Staff Presence in the Space.*
